## THE OPPORTUNITY

# The week after the offer letter is when you stop being remembered.

Your students land in the UK exhausted and alone, trying to solve a bank account, a SIM card, and a first supermarket trip in a city they have never seen.

That week is the one the family talks about — *if* it goes well. If it doesn't, the agent who placed them quietly drops out of the conversation.

## WHAT GSOS IS

# A vetted UK student meets your placed student at the airport — and settles them in over two to five days.

## WHAT THAT INCLUDES

- ✓ Airport pickup, a named welcome card, accommodation drop-off.
- ✓ UK bank account, SIM card, the first supermarket trip.
- ✓ A first proper meal, transport orientation, a campus walkthrough.

## THE PART PARENTS CARE ABOUT

- ✓ Vetted, named, photographed hosts.
- ✓ Milestone messages to the parent — in their language.

THE WELCOME

# Five moments your student remembers.

01 DEPARTURE

**The doorway at home.**

The goodbye, and the leap of faith.

02 ARRIVAL

**A name on a card.**

A friendly face at arrivals.

03 FIRST EVENING

**A cup of tea.**

A first proper meal at the host's.

04 THE FIRST WEEK

**Bank, SIM, shop.**

The admin, handled together.

05 THE LAST DAY

**The host steps back.**

Handed off to university life.

*This is the visible part. The invisible part is briefing the host, briefing the parent, and being on call.*

# Four reasons agents recommend us.

## 1 It increases your post-offer NPS.

A soft landing is the difference between a parent who recommends you for the next sibling — and one who doesn't.

## 3 We supply the marketing assets.

Brochures in English, Mandarin and Hindi, a flyer, a deck, sample WeChat and WhatsApp messages.

## 2 We pay weekly, in your currency.

15% on Welcome and Settle, 10% on Tailored. Paid by Stripe at mid-market rates.

## 4 The trust signals are already there.

Companies House registered. DBS-checked hosts. Insured. Refundable. "Is this real?" gets a clear yes.

COMMISSION

# Transparent rates. No surprises.

| PACKAGE  | BOOKING VALUE | YOUR COMMISSION      |
|----------|---------------|----------------------|
| Welcome  | £649          | <b>£97</b> 15%       |
| Settle   | £1,199        | <b>£180</b> 15%      |
| Tailored | from £1,799   | <b>from £180</b> 10% |

Paid weekly, in arrears, by Stripe, in your local currency at the mid-market rate.

A one-page agreement covers terms. **No exclusivity required.**

## HOW ATTRIBUTION WORKS

# How we know a booking is yours.

The parent uses your unique **Referral Link** (issued on signing).

— or —

The parent **names your agency** in our enquiry form.

We **cross-check** against our agent register and confirm attribution.

### A WORKED EXAMPLE

You place **20 students** at UK universities this intake.

Around half — **10** — book GSOS (early-cohort conversion).

Most pick Settle (£180 commission); a few pick Welcome or Tailored.

≈ **£1,800** to your agency this intake.

## What sits behind every booking.

- ✓ **DBS-checked hosts**, renewed annually; two references and a documented interview before they meet a student.
- ✓ **Right-to-work verified** for every host.
- ✓ **£1m public liability** and **£1m professional indemnity** insurance.
- ✓ **Refundable** up to 14 days before arrival — and in full for documented medical, visa, or university-issue cases.
- ✓ **Under-18s**: parental consent, same-gender host by default, immediate escalation to the university safeguarding lead.

## HOW PARTNERSHIP WORKS

# From "let's try" to first commission — about three weeks.

- 03 We send the pack.**

Their enquiry names you, via your link or directly. We confirm attribution.
- 06 They book. We deliver.**  
The parent hears from us at every milestone, then a quiet review afterwards.

Weekly, in arrears, in your currency, with a clear ledger of every booking.
